PRESS RELEASE

FOR IMMEDIATE RELEASE

TREAT AS PATIENT, NOT OFFENDER

All clients who are currently going through rehabilitation program in National Anti-drugs Agency (NADA)'s facility is being treated as patients who need to be treated wholly through NADA's *i-Pulih Model*.

NADA also stays committed in widening its early phase of dual diagnosis rehabilitation and treatment service involving drug abuse and mental health's issue in NADA's facilities including Narcotics Addiction Rehabilitation Centre (PUSPEN) within the entire country.

Therefore, families should not feel ashamed and hide any drug issues within the family, in fact, they need to make NADA's drug rehabilitation and treatment aid as one of the ways to strengthen affection.

Hence, NADA calls for everyone who has substance and drug abuse or addiction to immediately refer to NADA.

NADA always gives chances to all parties in receiving treatment and rehabilitation to go back into the community and contributes to them.

NADA also calls for the community to not look astray towards the individuals who are currently going through treatment and rehabilitation process by NADA.

If any of your acquaintances or you yourself are involved in drug problems, kindly get help or advise service from NADA's Rehabilitation Officer, present yourself at nearby NADA's Office or you may reach us through NADA's Hotline at 03-8911 2233 or 019-626 2233.
